• Over two million copies sold! "Packed with incredible insight about what it means to be a woman today."—Reese Witherspoon (Reese's Book Club x Hello Sunshine Book Pick) In her most revealing and powerful memoir yet, the activist, speaker, bestselling author, and "patron saint of female empowerment" (People) explores the joy and peace we discover when we stop striving to meet others' expectations and start trusting the voice deep within us. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY O: The Oprah Magazine • The Washington Post • Cosmopolitan • Marie Claire • Bloomberg • Parade • "Untamed will liberate women—emotionally, spiritually, and physically. It is phenomenal."—Elizabeth Gilbert, author of City of Girls and Eat Pray Love This is how you find yourself. There is a voice of longing inside each woman. We strive so mightily to be good: good partners, daughters, mothers, employees, and friends. We hope all this striving will make us feel alive. Instead, it leaves us feeling weary, stuck, overwhelmed, and underwhelmed. We look at our lives and wonder: Wasn't it all supposed to be more beautiful than this? We quickly silence that question, telling ourselves to be grateful, hiding our discontent—even from ourselves. For many years, Glennon Doyle denied her own discontent. Then, while speaking at a conference, she looked at a woman across the room and fell instantly in love. Three words flooded her mind: There She Is. At first, Glennon assumed these words came to her from on high. But she soon realized they had come to her from within. This was her own voice—the one she had buried beneath decades of numbing addictions, cultural conditioning, and institutional allegiances. This was the voice of the girl she had been before the world told her who to be. Glennon decided to quit abandoning herself and to instead abandon the world's expectations of her. She quit being good so she could be free. She quit pleasing and started living. Soulful and uproarious, forceful and tender, Untamed is both an intimate memoir and a galvanizing wake-up call. It is the story of how one woman learned that a responsible mother is not one who slowly dies for her children, but one who shows them how to fully live. It is the story of navigating divorce, forming a new blended family, and discovering that the brokenness or wholeness of a family depends not on its structure but on each member's ability to bring her full self to the table. And it is the story of how each of us can begin to trust ourselves enough to set boundaries, make peace with our bodies, honor our anger and heartbreak, and unleash our truest, wildest instincts so that we become women who can finally look at ourselves and say: There She Is. Untamed shows us how to be brave. As Glennon insists: The braver we are, the luckier we get.

Carry On, Warrior-Glennon Doyle 2014-04-08 A New York Times essayist shares her journey from a self-destructive college student to a devoted family woman and teacher while illuminating the importance of trusting in a higher power and being truthful about life's challenges.

Rare Bird-Anna Whiston-Donaldson 2015-09-08 NEW YORK TIMES BESTSELLER * "A masterpiece of hope, love, and the resilience and ferocity of the human spirit."--Glennon Doyle Melton, from the foreword "Profound, tender, honest--and utterly unforgettable."--Gretchen Rubin "I wish I had nothing to say on the matter of loss, but I do. Because one day I encouraged my two kids to go out and play in the rain, and only one came home. . . ." On an ordinary September day, twelve-year-old Jack is swept away in a freak neighborhood flood. His parents and younger sister are left to wrestle with awful questions: How could God let this happen? Can we ever be happy again? In Rare Bird, Anna Whiston-Donaldson unfolds a mother's story of loss that leads, in time, to enduring hope. This is a book about facing impossible circumstances and desperately wishing you could turn back the clock. It is about discovering that you're braver than you think. It is about

the flicker of hope and the realization that in times of heartbreak, God is closer than your own skin. With this unforgettable account of a family's love and longing, Anna will draw you deeper into a divine goodness that keeps us--beyond all earthly circumstances--safe.

Untamed-Will Harlan 2014-05-06 An inspiring, thought-provoking, and adventurous biography of one woman's fearless crusade to save an island from greed and environmental disaster. In a "moving homage and an adventure story that artfully articulates the ferocities of nature and humanity," Harlan captures the larger-than-life story of Carol Ruckdeschel, the wildest woman in America (Kirkus Reviews). She wrestles alligators, eats roadkill, rides horses bareback, and lives in a ramshackle cabin that she built by hand in an island wilderness. A combination of Henry David Thoreau and Jane Goodall, Carol is a self-taught scientist who has become a tireless defender of sea turtles on Cumberland Island, a national park off the coast of Georgia. Cumberland, the country's largest and most biologically diverse barrier island, is celebrated for its windswept dunes and feral horses. Steel magnate Thomas Carnegie once owned much of the island, and in recent years, Carnegie heirs and the National Park Service have clashed with Carol over the island's future. What happens when a dirt-poor naturalist with only a high school diploma becomes an outspoken advocate on a celebrated but divisive island? Untamed is the story of an American original standing her ground and fighting for what she believes in, no matter the cost, "an environmental classic that belongs on the shelf alongside Carson, Leopold, Muir, and Thoreau" (Thomas Rain Crowe). "Vivid. . . Ms. Ruckdeschel's biography, and the way this wandering soul came to settle for so many decades on Cumberland Island, is big enough on its own, but Mr. Harlan hints at bigger questions."—Wall Street Journal "Wild country produces wild people, who sometimes are just what's needed to keep that wild cycle going. This is a memorable portrait." —Bill McKibben "Deliciously engrossing. . . Readers are in for a wild ride." —Citizen-Times

Love Warrior-Glennon Doyle 2016-09-06 #1 New York Times Bestseller Oprah's Bookclub 2016 Selection "Riveting...a worthy investment...this book has real wisdom." —New York Times Book Review "A book with so much painful truth packed into its pages that every person who's ever married or plans to marry should really give it a read." —Chicago Tribune "Provocative....I adore her honesty, her vulnerability, and her no-nonsense wisdom, and I know you will, too." —Oprah Winfrey "This memoir isn't really about Glennon rebuilding her relationship with her husband; it is about Glennon rebuilding her relationship with herself. Utterly refreshing and...badass." —Bustle.com The highly anticipated new memoir by bestselling author Glennon Doyle tells the story of her journey of self-discovery after the implosion of her marriage. Just when Glennon Doyle Melton was beginning to feel she had it all figured out—three happy children, a doting spouse, and a writing career so successful that her first book catapulted to the top of the New York Times bestseller list—her husband revealed his infidelity and she was forced to realize that nothing was as it seemed. A recovering alcoholic and bulimic, Glennon found that rock bottom was a familiar place. In the midst of crisis, she knew to hold on to what she discovered in recovery: that her deepest pain has always held

within it an invitation to a richer life. Love Warrior is the story of one marriage, but it is also the story of the healing that is possible for any of us when we refuse to settle for good enough and begin to face pain and love head-on. This astonishing memoir reveals how our ideals of masculinity and femininity can make it impossible for a man and a woman to truly know one another—and it captures the beauty that unfolds when one couple commits to unlearning everything they've been taught so that they can finally, after thirteen years of marriage, commit to living true—true to themselves and to each other. Love Warrior is a gorgeous and inspiring account of how we are born to be warriors: strong, powerful, and brave; able to confront the pain and claim the love that exists for us all. This chronicle of a beautiful, brutal journey speaks to anyone who yearns for deeper, truer relationships and a more abundant, authentic life.

Feasting Wild-Gina Rae La Cerva 2020-05-26 A writer and anthropologist searches for wild foods—and reveals what we lose in a world where wildness itself is misunderstood, commodified, and hotly pursued. Two centuries ago, nearly half the North American diet was found in the wild. Today, so-called “wild foods” are becoming expensive commodities, served to the wealthy in top restaurants. In *Feasting Wild*, geographer and anthropologist Gina Rae La Cerva traces our relationship to wild foods and shows what we sacrifice when we domesticate them—including biodiversity, Indigenous knowledge, and an important connection to nature. Along the way, she samples wild foods herself, sipping elusive bird's nest soup in Borneo and smuggling Swedish moose meat home in her suitcase. Thoughtful, ambitious, and wide-ranging, *Feasting Wild* challenges us to take a closer look at the way we eat today.

Untamed-Anita Silvey 2015 "This biography for children will trace Goodall's life, but each chapter will also focus on two or more the chimpanzees that she observed, with information in sidebars about these particular animals. Along with biographical details, the book will explore the ethical issues that surround Goodall's work and show what has changed in our understanding of Great Apes. What do we know today about these animals in terms of language, speech, tool use, and DNA? How has sophisticated technology - GPS systems, Satellite imagery, portable digital microphones - been used to gain new information about animal populations."--

The Fixed Stars-Molly Wizenberg 2020-08-04 From a bestselling memoirist, a thoughtful and provocative story of changing identity, complex sexuality, and enduring family relationships At age 36, while serving on a jury, author Molly Wizenberg found herself drawn to a female attorney she hardly knew. Married to a man for nearly a decade and mother to a toddler, Wizenberg tried to return to her life as she knew it, but something inside her had changed irrevocably. Instead, she would discover that the trajectory of our lives is rarely as smooth or as logical as we'd like to believe. Like many of us, Wizenberg had long understood sexual orientation as a stable part of ourselves: we're “born this way.” Suddenly she realized that her story was more complicated. Who was she, she wondered, if something at her very core could change so radically? *The Fixed Stars* is a taut, electrifying memoir exploring timely and timeless questions about desire, identity, and the limits and possibilities of family. In honest and searing prose, Wizenberg forges a new path: through the murk of separation and divorce, coming out to family and friends, learning to co-parent a young child, and realizing a new vision of love. The result is a frank and moving story about letting go of rigid definitions and ideals that no longer fit, and learning instead who we really are.

The Outlaw Ocean-Ian Urbina 2019-08-20 "A riveting, terrifying, thrilling story of a netherworld that few people know about, and fewer will ever see . . . The soul of this book is as wild as the ocean itself." --Susan Casey, bestselling author of *The Wave: In Pursuit of the Rogues, Freaks, and Giants of the Ocean* An adrenaline-fueled tour of a vast, lawless and rampantly criminal world that few have ever seen: the high seas. There are few remaining frontiers on our planet. But perhaps the wildest, and least understood, are the world's oceans: too big to police, and under no clear international authority, these immense regions of treacherous water play

host to rampant criminality and exploitation. Traffickers and smugglers, pirates and mercenaries, wreck thieves and repo men, vigilante conservationists and elusive poachers, seabound abortion providers, clandestine oil-dumpers, shackled slaves and cast-adrift stowaways -- drawing on five years of perilous and intrepid reporting, often hundreds of miles from shore, Ian Urbina introduces us to the inhabitants of this hidden world. Through their stories of astonishing courage and brutality, survival and tragedy, he uncovers a globe-spanning network of crime and exploitation that emanates from the fishing, oil and shipping industries, and on which the world's economies rely. Both a gripping adventure story and a stunning exposé, this unique work of reportage brings fully into view for the first time the disturbing reality of a floating world that connects us all, a place where anyone can do anything because no one is watching.

UnClobber-Colby Martin 2016-09-28 Churches in America are experiencing an unprecedented fracturing due to their belief and attitude toward the LGBTQ community. Armed with only six passages in the Bible--often known as the "clobber passages"--the traditional Christian position has been one that stands against the full inclusion of our LGBTQ brothers and sisters. UnClobber reexamines each of those frequently quoted passages of Scripture, alternating with author Colby Martin's own story of being fired from an evangelical megachurch when they discovered his stance on sexuality. UnClobber reexamines what the Bible says (and does not say) about homosexuality in such a way that breathes fresh life into outdated and inaccurate assumptions and interpretations.

Untamed-Suzana E. Flores 2018-06-29 Wolverine. Logan. Weapon X. By any name, Marvel Comic's savage, brooding antihero is, in his own words, the best at what he does—killing with gratuitous precision. Paradoxically violent yet humane, the beer-swilling, cigar-smoking mutant with retractable claws is universally misjudged in the Marvel Universe yet esteemed by fans worldwide. The author explores Wolverine's development from bit character to modern legend over more than four decades, with a focus on his enduring appeal as an allegory for resilience through torment.

Witch-Lisa Lister 2017-05-09 "Lisa Lister is an uber-goddess of humour, wisdom, fun and cheek. She's just what THIS doctor ordered." - Dr Christiane Northrup, author of Goddesses Never Age and Making Life Easy

A witch is a wise woman, a healer. Yet for so long the word "witch" has had negative connotations. In this book, third generation hereditary witch Lisa Lister explains the history behind witchcraft, why identifying as a healer in past centuries led women to be burned at the stake, and why the witch is reawakening in women across the world today. All women are witches, and when they connect to source, trust their intuition, and use their magic, they can make medicine to heal themselves and the world. This book is a re-telling of Herstory, an overview of the different schools of witchcraft and the core principles and practices within them. Discover ancient wisdom made relevant for modern witches: • The wheel of the year, the sabbats, the cycles of the moon. • Tools to enhance your intuition, including oracle cards and dowsing, so that you can make decisions quickly and comfortably. • Understanding the ancient use of the word "medicine". • How to work with herbs, crystals, and power animals so that you have support in your spiritual work. • How to build and use a home altar to focus your intentions and align you with seasonal cycles, the moon cycles, and your own intentions for growth. • Cleanse, purify, and create sacred space. • Work with the elements to achieve deep connection with the world around you. In addition, Lisa teaches personal, hands-on rituals and spells from her family lineage of gypsy witch magic to help you heal, manifest, and rediscover your powers. Above all, Lisa shows that we really are "the granddaughters of the witches that they couldn't burn".

The Journal of Helene Berr-Helene Berr 2009-10-27 Not since The Diary of Anne Frank has there been such a book as this: The joyful but ultimately heartbreaking journal of a young Jewish woman in occupied Paris, now being published for the first time, 63 years after her death in a Nazi concentration camp. On April 7, 1942, Hélène Berr, a 21-year-old Jewish student of English literature at the Sorbonne, took up her pen and started to keep a journal, writing with verve and style about her everyday life in Paris — about her studies, her friends, her growing affection for the “boy with the grey eyes,” about the sun in the dewdrops, and about the effect of the growing restrictions imposed by France's Nazi occupiers. Berr brought a keen literary sensibility to her writing, a talent that renders the story it relates all the more rich, all the more heartbreaking. The first day Berr has to wear the yellow star on her coat, she writes, “I held my head high and looked people so straight in the eye they turned away. But it's hard.” More, many more, humiliations were to follow, which she records, now with a view to posterity. She wants the journal to go to her fiancé, who has enrolled with the Free French Forces, as she knows she may not live much longer. She was right. The final entry is dated February 15, 1944, and ends with the chilling words: “Horror! Horror! Horror!” Berr and her family were arrested three weeks later. She went — as was discovered later — on the death march from Auschwitz to Bergen-Belsen, where she died of typhus in April 1945, within a month of Anne Frank and just days before the liberation of the camp. The journal did eventually reach her fiancé, and for over fifty years it was kept private. In 2002, it was donated to the Memorial of the Shoah in Paris. Before it was first published in France in January 2008, translation rights had already been sold for twelve languages.

Untamed-Jessica Sorensen Emery: No matter how hard I try, I never seem to be able to escape my family's world. Their madness controls my life, just like insanity consumes my mind. Sometimes it's hard to tell what's real. Sometimes it's hard to tell who I really am. The person everyone sees? Or the one I keep trapped inside? I wonder which person Ryler sees. Just like I wonder who I can trust. Wonder. Wonder. Wonder. I wonder too much. I wish I could just find a way to escape it all and finally be free. Ryler: I live a double life and sometimes I hate myself for it. Watching Emery fall apart—pretending I don't care—is killing me inside. I want to tell her the truth, but I also want a new life. Want. Want. Want. I want too much. Sometimes it's hard to tell what I really desire. I wish I could be free from the confusion, free from this life.

The Undocumented Americans-Karla Cornejo Villavicencio 2021-05-20 A BARACK OBAMA FAVOURITE BOOK OF 2020 One of the first undocumented immigrants to graduate from Harvard reveals the hidden lives of her fellow undocumented Americans. Right after the election of 2016, Karla Cornejo Villavicencio realized the story she'd tried to steer clear of was the only one she wanted to tell. So she wrote her immigration lawyer's phone number on her hand and embarked on a trip across the country to tell the stories of her fellow undocumented immigrants - and to find the hidden key to her own. In her incandescent, relentlessly probing voice, Karla Cornejo Villavicencio combines sensitive reporting and powerful personal narratives to bring to light remarkable stories of resilience, madness, and death. She finds the singular, effervescent characters across the nation often reduced in the media to political pawns

or nameless laborers. The stories she tells are not deferential or naively inspirational but show the love, magic, heartbreak, insanity, and vulgarity that infuse the day-to-day lives of her subjects. And through it all we see the author grappling with the biggest questions of love, duty, family, and survival. Shortlisted for a National Book Award and a National Book Critics' Circle Award

HIV/AIDS and the Social Consequences of Untamed Biomedicine-

Graham Fordham 2014-11-13 Drawing on the case of HIV/AIDS in Thailand, this book examines how anthropological and other interpretative social science research has been utilized in modeling the AIDS epidemic, and in the design and implementation of interventions. It argues that much social science research has been complicit with the forces that generated the epidemic and with the social control agendas of the state, and that as such it has increased the weight of structural violence bearing upon the afflicted. The book also questions claims of Thai AIDS control success, arguing that these can only be made at the cost of excluding categories such as intravenous drug users, the incarcerated, and homosexuals, who continue to experience extraordinarily high levels of levels of HIV infection. Considered deviant and undeserving, these persons have deliberately been excluded from harm reduction programs. Overall, this work argues for the untapped potential of anthropological research in the health field, a confident anthropology rooted in ethnography and a critical reflexivity. Crucially, it argues that in context of interdisciplinary collaborations, anthropological research must refuse relegation to the status of an adjunct discipline, and must be free epistemologically and methodologically from the universalizing assumptions and practices of biomedicine.
